

Welcome to Key Stage 4 at Star International School Al Twar

S T A R
International School
Al-Twar

A warm welcome to our new and existing students who are choosing to progress into Key Stage 4 at Star International School.

We are excited to guide you through the next three years of your secondary education, in which we hope you continue to grow and develop whilst learning more about the subjects you enjoy.

You will find a range of subjects on offer that should meet your needs and interests and enable you to access the further education and the career choices that you desire.

All subjects at Key Stage 4 are taught by highly qualified subject specialists, with extensive knowledge in their area and outstanding teaching practice. This ensures all our students make better than expected progress and achieve their full potential.

You will receive extensive pastoral support to help you manage your studies over the next three years and guide you towards your final exams. We will support you in identifying the right career path to suit your interests, but for now, you should focus on choosing subjects that you enjoy learning and have a passion to study further.

I am excited to be working with all of you in the coming future and please do not hesitate to contact me if you have any further queries or questions.

Yours sincerely,

Kyle Knott

Vice Principal – Head of Secondary and Post 16
