

## Welcome to Post 16

at Star International School Al Twar

### Principal's Message for Post-16 students

I am excited to welcome you to our newly-opened, supporting, and caring community.

The Sixth Form at SIS Altwar will prepare you to be a successful, happy and world-ready young person. Here, we hope to challenge you to be the best version of yourself and to reach out towards your aspirations and goals for the future. SIS Altwar prides itself on being an inclusive Sixth Form. This means that we get to know each and every one of you as an individual, and you become an integral part of our pastoral and guidance program.

This is an exciting time in your life. It is your time to progress on a personal level; on an academic level and to develop skills that will support you as you move out into the adult world. These skills are developed outside the classroom, as you participate in Sports, in the Arts, and Drama; in improving the community; in debating; in mentoring younger students, and in participating in Leadership events.

We want you to enjoy these two years. These two years will make you the person you aspire to be. Your teachers will be partners with you on this journey. I will always be there for you.

**Ma'am Dolly,  
School Principal**
